TO,  
The director

Respected sir,

Subject:- Submission of 2020-21 feedback from various stakeholders related to our curriculum and syllabus – Reg

We are grateful to Mumbai university for taking into account the majority of our earlier comments and putting them into the 2021 regulations programme and syllabus.

We solicited feedback from our institution's stakeholders (Students, Teachers, Alumni, Employers) in order to improve academic quality and identify curriculum gaps based on industry expectations. The primary recommendation for curriculum and syllabus modification are started below. We are delighted to bring to your attention for further consideration in this regard.

Suggestions to related curriculum and syllabus

1. Few recommended text books and reference books on new emerging fields are not available in the market. University e-content question banks are extremely beneficial to students learning habits.
2. Include some relevant practical courses in the curriculum.
3. Expect some flexibility in course design as like as autonomous institutions.

Thanking you,
